**Re: Further Response to Public Records Act Request**

Dear Mr. Reeves:

This letter serves as the further response of Visalia Unified School District (“District”) to your correspondence dated April 17, 2026. The District provided you with an initial response on April 27, 2026, notifying you that, due to the broad scope of your request, additional time was needed to determine whether the District possessed responsive, non-exempt records and that the District would provide a further response by May 18, 2026.

Accordingly, the District has determined that it does possess responsive records which we anticipate will be made available to you once the District has had a reasonable time to process those records. Should any responsive documents in the District’s possession be withheld, you will be promptly notified of the basis for that determination and the name and title of the person responsible for that decision. The District will make all reasonable efforts to provide the requested records to you in a manner consistent with the CPRA by no later than June 17, 2026, provided that we will timely notify you if this is not possible.

Please feel free to contact me if you have any questions.

Thank you,
